

Lower Mounted Pressure Gauge

Product No. PGL-2001S (right)

- 1/4" NPT Lower Mounted
- 2 1/2" Dial Face
- 0-200 PSI
- Diaphragm Protected

The PGL-2001S utilizes a tantalum diaphragm for superior chemical resistance and is Fluorolube filled.

Rear Mounted Vacuum Gauge

Product No. VGR-301S (left)

- 1/4" NPT Rear Mounted
- 2 1/2" Dial Face
- 0-30" Hg
- Diaphragm Protected

The VGR-301S can be tailored to use either a PTFE Teflon or a Viton (standard) diaphragm for superior chemical resistance. The VGR-301S is Fluorolube filled.

Lower Mounted Vacuum Gauge

Product No. VGL-301S (right)

- 1/4" NPT Lower Mounted
- 2 1/2" Dial Face
- 0-30" Hg
- Diaphragm Protected

The VGL-301S can be tailored to use either a PTFE Teflon or a Viton (standard) diaphragm for superior chemical resistance. The VGL-301S is Fluorolube filled.

Ordering Information

Product No.	Description	Reading
PGL-2001S	Lower Mounted, Diaphragm Protected	Pressure: 0 - 200 PSI
VGR-301S	Rear Mounted, Diaphragm Protected	Vacuum: 0 - 30 Hg
VGL-301S	Lower Mounted, Diaphragm Protected	Vacuum: 0 - 30 Hg
